JOB APPLIED FOR

IT Team Leader / Senior web Developer

WORK EXPERIENCE

01/05/2011–Present

Department manager

Anastasis, Bologna (Italy)

I'm in charge of managing the software development in Anastasis. I have a group of 10 internal people and several suppliers. We develop software Web and client for various platforms, including mobile.

I promoted changes in organization and tecnologies, from "Waterfall PM" and property framework to "Agile" metodologies and open source.

In particular now we are developing with Grails, Angularjs, Ionic/Cordova and other popular modern open source frameworks.

The main projects I currently lead are: RIDInet (info.ridinet.it), a learning disability rehabilitation platform and ePico!(http://www.epicosw.it) a set of tools for students.

01/07/2009–01/05/2011

Project Manager

Anastasis, Bologna (Italy)

Besides of developing I had the responsability of coordinating teams working on projects, suppliers and university relationship.

24/07/2006–Present

Web developer

Anastasis, Bologna (Italy)

Web application developer in the field of learning disabilities diagnosis and rehabilitation.

We developed a proprietary framework. Server side Java Stack+mysql, client side: xhtml, js, css and, in some projects, Flex.

Business or sector Information and communication

EDUCATION AND TRAINING

20 October 1998–20 July 2006

Computer Science Engineer

EQF level 7

Alma Mater Studiorum - Università di Bologna, Bologna (Italy)

10/09/1993–02/07/1998

High school
